

## Millennium HSW-200 EU

Heatset web and sheetfed  
fountain solution

- // Designed for high speed presses
- // Strong non-piling
- // Reduced wash intervals
- // ISEGA approved

Tower Products Europe produces and supplies printers with high performance pressroom chemistry, aimed at increasing productivity. A complete line of innovative founts is manufactured in The Netherlands. Evidently, you will benefit from our permanent investment in research and development and our expert technical support.

By choosing the Millennium HSW-200 EU, the use of alcohol during the printing process can be reduced or eliminated. This enables printers to produce more successfully and profitably.

# Millennium HSW-200 EU

## Description

Millennium HSW-200 EU is a first class fountain solution for heatset web and sheetfed presses that contains a strong non-piling additive and excellent wetting for alcohol free printing. The product has a strong buffering system and will work well in various types of dampening systems to provide fast, clean restarts. This product is ISEGA approved for use in food packaging applications.

## Specifications

Flashpoint	: 101° Celsius
VOC	: 6%
Odor	: Mild
Appearance	: Bluish Green liquid
Conductivity	: For every 1% of concentrate added, the conductivity increase will be +/- 520 µS.

## Features and benefits

Contains high technology wetting agent for reducing surface tension.

Unique non-piling additive incorporated in the formulation.

Formulated for all plates and various dampening systems.

Designed for high speed heatset web / sheetfed applications.

Strong, unique buffering system against calcium carbonate.

Reduced wash intervals.

ISEGA approved for food packaging applications.

## Directions for use

// Always clean the dampening system before changing fountain solution.

// Read the Safety Data Sheet before use.

// Add 3 - 5% of Millennium HSW-200 EU per liter of water.

## Packaging

Millennium HSW-200 EU is available in 21 kg | 220 kg | 1100 kg packaging.

## Certification

Millennium HSW-200 EU is ISEGA certified.
