

Excellence in Pressroom Chemistry

SmartFlex Anilox Roller Cleaning Gel

- // PREMIUM ANILOX ROLLER CLEANER
- // CLEANS ROLLERS RAPIDLY WHILE STILL IN THE PRESS
- // FOR AQUEOUS, SOLVENT & OIL BASED AND UV INKS

The Tower SmartFlex line has been designed for, efficient cleaning and removal of ink in flexographic printing. It contains a series of specialty products to fit any flexographic cleaning challenge. We produce innovative cleaning solutions for ink-circulation systems, anilox rollers, photopolymer plates and anywhere else where ink removing is a problem. Every cleaning product is based on the specific needs of the flexographic printing industry. All solutions are fast-working to save you time, powerful but also gentle to sensitive surfaces and environmentally friendly.

SmartFlex Anilox Roller Cleaning Gel

DESCRIPTION:

SmartFlex Anilox Roller Cleaning Gel will effectively and quickly clean anilox rollers of aqueous, solvent based, oil based or UV ink. This is a paste product designed to clean in-line at a significantly less cost per roller than an off-line cleaning method. Using SmartFlex Anilox Roller Cleaning Gel will provide a more consistent cell volume, which will improve control of coat weights and ink films.

DIRECTIONS FOR USE:

Place a small amount of SmartFlex Anilox Roller Cleaning Gel on a rag and apply evenly over the surface of the roller. Use a rag or appropriate brush and gently apply in a circular motion and leave sit for 10-15 minutes. Wipe the surface with a clean rag and then wet a second rag with warm to hot water and wipe again. Rinse any remaining residue. Please note that severely clogged rollers may require an extra application.
READ MSDS BEFORE USE.

FEATURES AND BENEFITS:

- * Excellent technology product.
- * Cleans rollers while still in the press.
- * Gel product for easy application and cleaning.

SPECIFICATIONS:

Flashpoint: > than 93 oC
VOC: 0.82 lbs./gal. , (98 grams/liter), 10%
Appearance: Light Grey Gel
Odor: Orange
Drying Speed: Not Applicable

PACKAGING:

591 ml bottle (4 per case)
